CBS4000
2d barcode scanner

Features

Wireless scanning for iOS, Android and Windows mobile devices

Aggressive Decode Performance

Scan virtually any barcode on any medium, no matter it's printed on paper, or displayed on a mobile phone screen.

Efficient Wireless Performance

Bluetooth wireless technology provides freedom of movement up to 20 meters from host device.

Markets and Applications

Point of sale/retail, product traceability, track & trace healthcare, inventory management, ticket / voucher management, general office automation.

Easy Bluetooth Pairing

The CBS4000 supports USB and Bluetooth-HID, Bluetooth-SPP and Bluetooth -SPP communication mode to meet different needs. With the press of button, you can easily pair it with any supported host

Real Time and Batch Mode Support

Ensures compatibility with your current applications and allows users to capture data, regardless of whether they are on or offline.

Application Scenarios

healthcare

hospitality

point of sale

retail

CBS4000 Technical Specification

Performance	Image Sensor	640*480	
	Decode Capacities	1D	EAN-8、EAN-13、EAN-13 2 add-on、EAN-13 5 add-on、ISBN、UPC-A、UPC-E Code 39、Code 39 FullASCII、Code 93、Code 128、Codabar、Industrial 2 of 5、Interleaved 2 of 5 Matrix 2 of 5、GS1-128、GS1 DataBar (RSS14) (Stacked)、GS1 DataBar Limited、Standard 25 GS1 DataBar Expanded
		2D	PDF417 MicroPDF417、MicroQR、DataMatrix QR Code
	Scan Range	Typical Performance	
		UPC-13mil	: 4-18cm
		Code39 20mil	: 8-25cm
	Scan Rate	120FPS	
	Countries Keyboards	English, German, French, Italian, Spanish, Belgian (French) ,Portuguese,Japanese	
	Wireless Range	25 meters	
	Min Symbol Contrast	25%	
	Sealing Level	IP42	
	Battery Capacity	1600mA	
	Physical	Interface	BT-HID,BT-BLE,BT-SPP, USB-HID
Operating Temperature		0-40°C	
Storage Temperature		-20-40°C	
Dimension		118.5mm*50mm*25mm
